

Seminar & Workshop: Interactive Data Visualisation

Summary

- ✓ Course dates: October, 14 – 16, 2024
- ✓ Course duration: 3 days
- ✓ Language: English
- ✓ Location: Berlin
- ✓ Certificate: Certificate of Participation
- ✓ Format: On-site
- ✓ Lecturer: Dr. Dina Deifallah
- ✓ Price: 1295 €

Course overview

Data Visualisation plays a crucial role in transforming complex datasets into easily understandable and insightful representations. It allows individuals, businesses and researchers to uncover patterns, trends, and relationships within their data. Proficiency in Data Visualisation not only improves one's analytical capabilities but also increases their capacity to convey insights in a visually compelling manner, ultimately contributing to more informed decision-making and successful outcomes in various professional contexts.

Course content

Interactive Data Visualisation with Plotly

- ✓ Plotly Installation
- ✓ Basic Structure of Plotly Figures
- ✓ Plotly Express versus Figure Objects
- ✓ Bar and Pie Charts
- ✓ Histograms
- ✓ Boxplots
- ✓ Line, Scatter, Bubble and Multi-faceted Plots
